All Cullen wines are available to select for your reception on a consumption basis or choose from one of our beverage packages. Our restaurant manager is happy to tailor a package particular to your needs, and your menu choices.

We supply Champagne, sparkling wine, beer and soft drink.

As we are a certified “A Grade” biodynamic vineyard and winery, we do have strict guidelines as to beverages that can be consumed on premises due to beer containing live yeasts. If purchasing beer on a consumption basis we are required by law to have a light beer on offer as one of your options.
